

# GOODBYE!

Another term has rushed by and we break today for Easter. It is with mixed feelings we say goodbye to Mark, who leaves us to pursue his career at our sister school in Stretton; we wish him well but will miss his presence as part of our team.

# WELCOME

A big hello and welcome goes to Ben Bloor, who has joined our teaching team. Ben is an experienced teaching professional and brings a wealth of experience with him. We also welcome Clare Hendy, Pastoral Support Worker, and Grace Jeffery, Assistant Psychologist, who has joined our Clinical team.

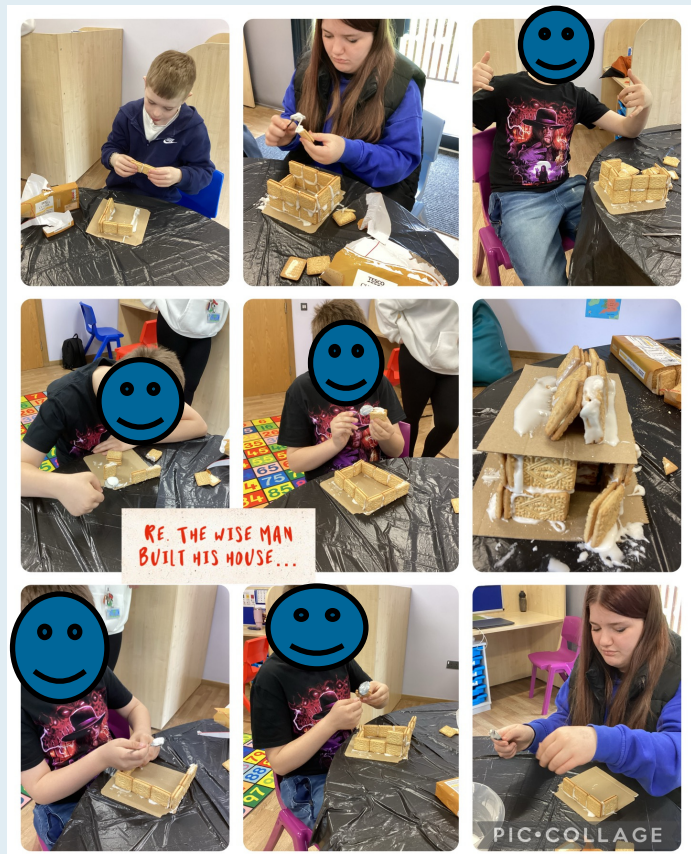

# Maths

Elm class made cookies today and demonstrated what we have been learning about fractions.

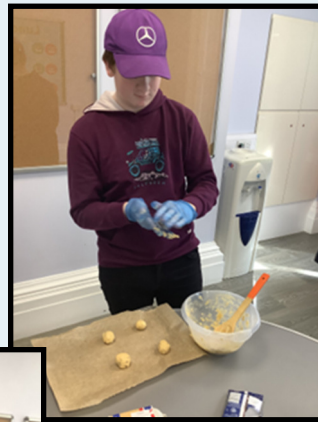

# RE

Elm class learned about the wise and foolish man in RE. They then tried to build their own houses out of custard creams and icing!

# Cookery

Palm class made and baked cookies in their cookery class this week, eating them is always the best bit!

# PE

Palm class enjoyed a lively game of table tennis as part of their PE offering.

# Gardening Club

Spring has arrived in our garden. We're really looking forward to Gardening Club starting again; this will run on Wednesdays from Term 5.

There is plenty of weeding to do!

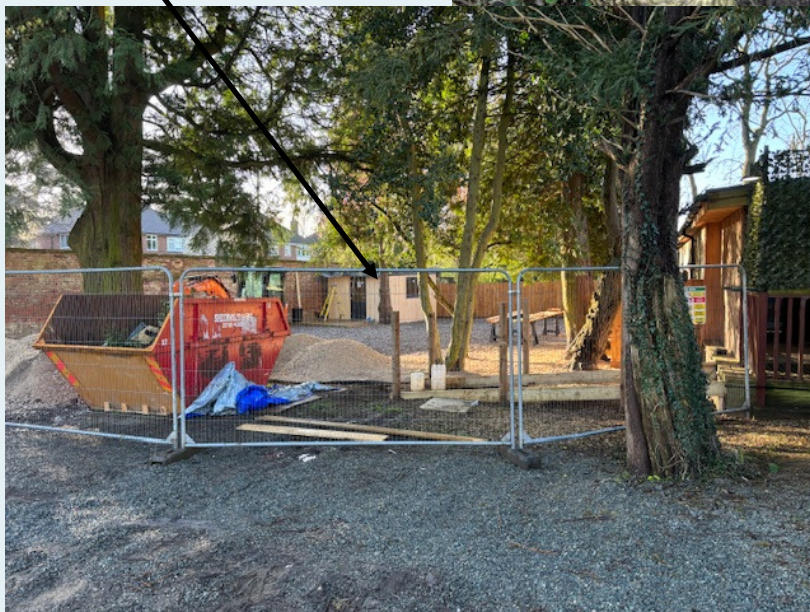

There are some exciting changes happening in the school grounds, with the development of a second outdoor space. This will have an all weather surface and a new bicycle shed and covered maintenance area so students can learn how to maintain the schools bicycles.

# New Outdoor Space

New bike shed

# Recreation

A lunchtime game of Uno

An end of term class treat for all their hard work; a trip to Hungry Birds!

End of term Progress Reports will be out week commencing 15th April. We will also be inviting you to attend a virtual parents evening to discuss your child's progress .

Term starts again on Tuesday 16th April
