

# Welcome Back!

It was lovely to welcome the students back into school this week for the start of the Summer term; we hope you have all had a restful Easter break and are ready and raring to go!

There has been a lot of building work going on in school over the Easter break; our library has moved location and a new food technology room is being created in it's place. A new classroom has been created on the top floor and new office space on the ground floor

Office

New classroom

## New offering

We will be offering sailing tuition through Rutland Water Sailing Club this summer. Students will have the opportunity to try 2 sessions for free and then if they enjoy sailing and wish to continue, we will obtain club memberships for them which means that they would be able to access the facility throughout the summer holidays.

Can we remind parents to send their children to school with a refillable water bottle please. There are ample opportunities throughout the day for children to refill these within school; these can contain squash if preferred.

For children who like a hot drink, such as hot chocolate, can you please provide them with a thermal, lidded mug with their name on.
